Subject: New API Comments

Hi Chris and Tia,

Attached are new late supplemental comments (5 files) from API; read 4923 before 4922. I will enter the comments into CERT this afternoon under outline heading 4.1.6. Basically API is commenting on MECA's supplemental comments!

Also, I understand that EPA now plans to finalize Tier 3 in February 2014, rather than at the end of this year. Just a reminder that our Tier 3 WA ends on December 31, 2013. As of November 15 we had about 75 hours remaining in the project.

Thanks,
Barbara
